

Population Health and Health Services Research Scholars Program
Pilot Award Application

Please note: **Progress will not be saved in this application webform.** We strongly encourage applicants to draft and save responses in a separate word processor (Google Docs, Microsoft Word, etc.), and then copy into the form below. You can find all the application questions in the PDF included on this page. Complete the Application using this link: <https://populationhealth.smhs.gwu.edu/form/pilot-award-application>

static floating text box “For questions please email pop_partners@gwu.edu”

I. Applicant Information

1. PI Name: _____
2. PI Email: _____
3. PI Phone Number: _____
4. PI Current GW SMHS Academic Appointments: _____
5. PI Department: (drop down)
 - a. Anatomy and Cell Biology
 - b. Anesthesiology and Critical Care Medicine
 - c. Biochemistry and Molecular Medicine
 - d. Biomedical Laboratory Sciences
 - e. Clinical Research and Leadership
 - f. Dermatology
 - g. Emergency Medicine
 - h. Genomics and Precision Medicine
 - i. Health, Human Function, and Rehabilitation Sciences
 - j. Medicine
 - k. Microbiology, Immunology, and Tropical Medicine
 - l. Neurological Surgery
 - m. Neurology and Rehabilitation Medicine
 - n. Obstetrics and Gynecology
 - o. Ophthalmology
 - p. Orthopedic Surgery
 - q. Pathology
 - r. Pediatrics
 - s. Pharmacology and Physiology
 - t. Physician Assistant Studies
 - u. Psychiatry and Behavioral Health Sciences
 - v. Radiology

- w. Surgery
 - x. Urology
 - y. Other _____
6. PI Division: _____
7. PI Clinical Affiliation(s) (i.e. GW MFA, Regional Medical Campus at LifeBridge Health, Children's National): _____
8. PI Career Level: (drop down select one)
- a. Early Career Faculty (less than five years in academic medicine)
 - b. Mid-Career Faculty (more than five years in academic medicine, academic rank of Clinical Instructor or Assistant Professor)
9. Current Research Funding (if applicable):
Summarize any current funding for research related to this proposed project or additional projects if applicable.
- _____

II. Research Project Details

10. Eligible Focus Area: (select one)
- a. Cancer Prevention and Treatment
 - b. Pregnancy Related Care
 - c. Behavioral Health Service Delivery
 - d. Food as Medicine
 - e. Hospital-Based Violence Prevention
 - f. Telehealth and Digital Health
11. Eligible Population: (select one, project's target population must fall into one of these categories)
- a. GW MFA patient population
 - b. Patients or residents who live in the Cedar Hill Regional Medical Center Primary Service Area (Zip Codes 20019, 20020, 20032, 20003, 20024, and 20002)
 - c. Patients or residents in the regional DC/MD/VA community
12. Target Population Description (limited to 100 words):
Specify the target population with respect to age, sex, gender, race, ethnicity, geographic residence, sexual orientation, clinical status, clinical utilization and/or other descriptors as appropriate for the project.
- _____
13. Proposed Project Title: _____

14. Research Question (limited to 75 words):

Summarize the question the proposed research project aims to answer.

15. Background (limited to 100 words):

Describe how the problem or condition of interest imposes a significant burden on the health of the identified target population.

16. Project Aims (limited to 250 words):

Summarize the specific aims of the proposed research project.

17. Project Design or Approach (limited to 400 words):

Describe the research strategy, methodological approach, and data sources to be used in the proposed research project. Population Health and Health Services Research Scholars Program staff can provide technical assistance prior to submission of the application.

18. Project Milestones (limited to 250 words)

Describe the projected milestones to be accomplished during the course of year 1 and if applicable year 2 for the proposed research project (will reflect project aims.)

19. Significance (limited to 100 words):

Describe how the proposal has the potential to lead to meaningful improvement in the quality, equity, and/or efficiency of care and to improvements in priority population health outcomes.

20. Project Deliverables (select all that apply):

- a. Clinical practice guideline
- b. Community-based program development and intervention
- c. Extramural funding application submission
- d. GW MFA clinical system transformation
- e. Manuscript for peer-reviewed journal

III. Program Participation

21. Faculty Mentor Name(s): _____

If faculty mentor has not been identified, Population Health and Health Services Research Scholars Program staff will provide support in identifying faculty mentors.

22. Faculty Mentor Department: _____

23. Faculty Mentor Division: _____

24. How will participation in the Population Health and Health Services Research Scholars Program help to advance your career as a population health and/or health services researcher? (limited to 200 words):

25. The Population Health and Health Services Research Scholars Program requires scholars' participation in faculty development programs through the GW SMHS Center for Faculty Excellence and the Office for Research Workforce Development.

Please select your areas of interest for courses, webinars, didactic sessions, etc. (select all that apply):

- a. Data analytics
- b. Developing interprofessional research teams
- c. Grant proposal writing
- d. Identifying research mentors
- e. Literature review
- f. Manuscript writing
- g. Navigating non-traditional funding opportunities (fundraising/development)
- h. Research methods
- i. Understanding academic research funding
- j. Other: _____
